

Contact Us

At Wakabet we strive to offer our customers the highest possible levels of customer service possible. Our dedicated team of customer care agents are always delighted to receive your calls and answer any queries you may have.

Should one of our call centre agents not be able to help with your specific query, they will advise you of this and escalate the matter to our technical team, who will aim to respond to your query as fast as possible, usually within 12 hours.

Should you prefer to use alternative means of contact, you can also reach us via the live chat button on the website or on the social media handles below.

Support Opening Hours:

Mon – Sun: 8:00 am – 12:00 Midnight
